

I understand you are proposing to expand LPFM stations which would take priority over our current FM translator service. My family and I listen to K-LOVE and such action might force this station off the air. We do not want this to happen! We rely on K-LOVE for the best in Christian music (our oldest son goes to sleep with this station on at night), wonderful advice on parenting, and supportive discussions on keeping family first. We do not have to worry about what our children will hear, K-LOVE serves the entire family. It is exactly the station our community and this country needs. We need to return to what truly counts in life..... family and our gracious Lord Jesus Christ. Thank you!
